

Picture pieces

Purpose:

Picture the problem you want to tackle in a way that it becomes clear and compelling enough to make other people care so much they want to help solving the problem. This exercise will engage the group in finding a common purpose and spark them to solve the problem together.

Timeframe: 20 min

Group-size: Teams divided in even number or groups of 9

Age group: all age groups

Materials:

- Paper (squares)
- Pens
- Timer/watch
- Image to reproduce (complexity depending on age group)

Instruction:

The facilitator cuts a drawing in equal pieces depending on the group sizes.

1. Each child of the group should get a piece.
2. The goal is to copy the piece as good as they can
3. After 15 minutes the children should bring their pieces together

Leave some time for adjustments.
